Lead the world
into the future

Innovative Learning Methodology

Work Integrated Learning Programmes are as rigorous as any on-campus programme from BITS Pilani, and are unlike any Distance learning, eLearning, Part Time, or Correspondence programmes. Since its inception, WILP has helped organisations address their specific L&D goals, and helped connect their investments to Productivity enhancement, Employee retention and Succession planning. Here are some other reasons why you simply cannot ignore WILP.

- **Industry relevant curriculum**
  Integrate modern academic content with the evolving requirements of the workplace

- **Programme delivered Online or On-Site**
  Based on organisation's needs, lectures can be delivered On-site, or through Online lectures

- **BITS Pilani Faculty**
  Engage with experts using interactive, technology-enabled virtual classrooms

- **Experiential learning**
  Learning is reinforced by applying concepts to simulated and real-work situations, using Simulations, Remote Labs, Virtual Labs, and Case Studies

- **Dissertation / Project Work**
  The Dissertation component towards the end of the programme helps the learner apply knowledge and concepts to a real-world, complex problem

Prof. PB Venkataraman

Associate Professor - Work Integrated Learning Programmes

M.Tech. Programmes

M.Tech. Automotive Engineering

M.Tech. Automotive Electronics

M.Tech. Embedded Systems

M.Tech. Software Systems

M.Tech. Software Engineering

M.Tech. Computing Systems & Infrastructure

M.Tech. Data Science & Engineering

M.Tech. Microelectronics

M.Tech. Digital Manufacturing

M.Tech. Design Engineering

M.Tech. Manufacturing Management

M.Tech. Quality Management

M.Tech. Pharmaceutical Operations & Management

M.Tech. Sanitation Science, Technology & Management

M.Tech. Environmental Engineering

Integrated M.Tech. Software Systems

B.Tech. Programmes

B.Tech. Engineering Technology

B.Tech. Process Engineering

B.Tech. Power Engineering

B.Tech. Manufacturing Technology

M.Sc. Programmes

M.Sc. Business Analytics

M.Sc. Information Systems

Post Graduate Diploma Programmes

Post Graduate Diploma in Business Analytics

Post Graduate Diploma in FinTech

Post Graduate Diploma in Finance

Post Graduate Certificate Programmes

Post Graduate Programme in Full Stack Engineering

Post Graduate Certificate in Artificial Intelligence & Machine Learning

Post Graduate Certificate in Internet of Things

MBA Programmes

MBA in Business Analytics

MBA in FinTech

MBA in Consultancy Management

MBA in Hospital & Health Systems Management

MBA in Manufacturing Management

MBA in Quality Management

MBA in Finance

Corporate Collaborations

IT & ITeS

Electrical & Electronics

Automotive

Manufacturing

Energy, Oil & Gas, And Power

Metals & Mining

Banking, Finance, & Insurance

Pharma & Healthcare

Civil Engineering
